Famine - Bellary Dt. and taluk - Afforestation - Scheme - Daruvu wells on the banks of the Hagari River - Construction of - As a famine operation - Proposals of the D.F.O., Anantapur - Report submitted.

The Dt. Forest Officer, Anantapur, has suggested that the digging of daruvu wells on the banks of the Hagari River as a work of the afforestation Scheme to make up wind breaks may be taken up by famine workers in famine charges near the Hagari river. I informed him that the famine workers could be diverted to the work under section 125 of the Famine Code but their wages should be paid by the Forest Department. I also authorised the Famine Charge Officers of Banapuram and Sankarabanda relief works to depute the required number of labourers according to the requisition from the District Forest Officer. He has now written

Civil Service Regulations—Articles 356 and 357—Counting of military service for civil pension—Government of India's letter No. F. 11-(19)-R. II/36, dated 15th July 1936 —Recorded.

READ—the following papers :—

I

G.O. No. 69, Finance (Pension), dated 31st January 1934.

II

Letter from E. T. COATES, Esq., I.C.S., Joint Secretary to the Government of India, Finance Department, to all Provincial and Minor Local Governments, dated Simla, the 15th July 1936, No. F. 11-(19)-R. II/36.

[Counting of military service for civil pension.]

I am directed to invite a reference to this department letter No. F. 11-I-R. II/34, dated the 16th January 1934, on the above subject, and to state that the Government of India have decided that, in modification of the interpretation given in the second sub-paragraph of paragraph 1 thereof, the following principles should be adopted in the classification of military service counting for civil pension as 'superior' or 'inferior' :—

(*a*) Service as a sepoy or service in any equivalent or higher combatant rank should be treated as 'superior', and as a follower as 'inferior', whether such service is followed by 'superior' or 'inferior' civil service ;

(*b*) service rendered *in any other capacity* in an appointment under the Defence department should be treated as 'superior' or 'inferior' according to the classification of any civil post carrying duties of a similar character ; and

(*c*) any doubtful cases should be referred to the Government of India for orders.

2. I am to explain in this connexion that all Royal Indian Navy ratings are enrolled, and are viewed as combatants ; and their service as such will therefore be considered as 'superior'.

Order—No. 699, Finance (Pension), dated 5th August 1936.

Recorded.

(By order of the Governor in Council)

C. K. VIJAYARAGHAVAN,
Deputy Secretary to Government.

,, the Heads of Departments.

written to me that there is no allotment sanctioned for digging daruvu wells in the current years' budget and suggests that the expenditure should be debited to famine, as the Afforestation Scheme is in the interest of the public. He says that if this cannot be done he will have the work done in 1943-44 after obtaining an allotment from the Forest Department. He requests me to inform him whether I could spare 2760 coolies for digging 230 daruvu wells and debit the expenditure to famine funds to save time. He says that he would depute a Range Officer and a Forester to supervise the work.

2. This would be a useful bit of work and I suggest that the work may be done by famine labour and the cost debited to famine provisionally and recouped from the Forest Department when funds have been allotted. I request that the Board may be pleased to authorise the expenditure on the above work to famine funds.

Letter from W.G. Dyson, Esq., I.F.S., Chief Conservator of Forests, (Madras), Coimbatore, Ref.No.2469/43-D1 dated 18-3-1943.

Sub: Famine - Bellary - Diversion of famine labour to construct Doruvu wells on the banks of the Hagari river - proposals.

Ref: Board's Ref. No.a.791/43-1 dated the 9th March 1943.

I have no objection to the proposals, though there seems to be no good reason why the cost should not be debited to the Forest Department straightaway.

K. Recently, in G.O. No. 140, Rev. dt 20-2-1943 the Govt. have directed that the excavation of the Tungabhadra Project canals might be taken up by famine labour in the dt., as this work would be more profitable in the long run than repairing or forming roads. There seems to be no objection therefore to take up the digging of dornon wells by famine labour as proposed by the Govt. & recommended by the Board. It is for orders whether the Board's recommendation will be accepted. If so, a draft order sanctioning the proposal of the Govt. is submitted for approval. It may be sent to Deptt. & Fin. for acceptance.
